Anexos: No Con Copia: No

Señores:
Colombia Compra Eficiente
Ciudad

66 Folios

Referencia: Acuerdo Marco N° LP-AMP-120-2016. "El suministro de Consumibles de Impresión"

Asunto: Revisión de precios artificialmente bajos

Atendiendo el carácter público del proceso de selección de la referencia y en búsqueda de la salvaguarda de los principios de legalidad, economía y garantía del ofrecimiento más favorable para la entidad, cordialmente solicito que previo a la adjudicación del citado proceso, la entidad revise, en los términos exigidos por la jurisprudencia y la ley, los siguientes proponentes y productos, teniendo en cuenta que presentan valores dentro de la oferta económica menores a los precios ofrecidos por el fabricante para el proceso en referencia, toda vez que los mismos se encuentran por debajo de los precios de los mayoristas y de los posibles precios especiales (descuentos) dados por el mismo, para lo cual me permito anexar cuadro en donde se evidencia cotización dada por el mayorista en la TRM Dólar liquidada al veintitrés (23) de diciembre de 2016, en donde se puede evidenciar que los valores negativos se encuentran cotizados dentro del proceso por debajo de los precios dados por el mayorista y acordes a las políticas comerciales.

Debe recordarse para el efecto que es deber del ente estatal, en los términos del Artículo 2.2.1.1.2.2.4. del decreto 1082 de 2015, requerir al oferente que de acuerdo con la información que obtenga la entidad, presente una oferta que parezca artificialmente baja, de manera que si la justificación no disuade técnica y fundadamente al evaluador, este debe recomendar el rechazo de la propuesta en comento.

Al respecto se ha pronunciado reiteradamente la jurisprudencia al señalar que "El denominado "precio artificialmente bajo" de que trata la Ley 80, es aquel que resulta artificioso o falso, disimulado, muy reducido o disminuido, **pero además, que no encuentre sustentación o fundamento alguno en su estructuración dentro del tráfico comercial en el cual se desarrolla el negocio**, es decir, que dicho precio no pueda ser justificado y por lo tanto, la Administración estaría imposibilitada para admitirlo, so pena de incurrir en violación de los principios de transparencia, equilibrio e imparcialidad que gobiernan la actividad contractual y

como parte de ella, el procedimiento de la licitación¹ (negritas y subrayas propias).

Así las cosas, debe advertir la entidad que el precio artificialmente bajo no se limita exclusivamente al precio irrisorio, sino aquel precio cuya inferioridad no encuentra justificación en el mercado, como lo sería para el caso particular que se ofrezcan precios por debajo del costo mínimo incluyendo descuentos que dan los fabricantes a los proveedores, es decir, sustancialmente por debajo del costo, constituyendo esto no solo un ofrecimiento artificialmente bajo sino una posible conducta constitutiva de competencia desleal, teniendo la carga la entidad de revisar esta situación previo a la adjudicación y tomar las medidas que en derecho corresponda, entre estas, el rechazo de las propuesta que, según la información obtenida, la justificación que den los oferentes requeridos y la información con que cuenta y/o que requiera de los fabricantes, contenga precios artificialmente bajos.

De igual forma me permito solicitar se revise los ítems cotizados dentro del proceso para la marca Hewlett-Packard – Segmentos Originales, descritos a continuación, puesto que es de mi conocimiento que los mismos no se encuentran disponibles en el mercado, pero si existe un ofrecimiento por parte de los oferentes dentro del proceso de la referencia, lo cual induce al error a las entidades compradoras o en su defecto conllevarían a incurrir en un incumplimiento del contrato, pues de llegarse a requerir el contratista no contaría con el suministro
